

G. C. Gerber, MD Clinical Case Studies

- **Oncology**
- **Spinal Cord Injury – Neurological Disorders**
- **End Stage Renal Disease**
- **Cardiology – ACVD - Lipid Disease**
- **Diabetes**
- **Peripheral Artery Disease**
- **Vision**
- **Stroke**
- **Peripheral Neuropathy**
- **Dementia**
- **Pain – Wound Healing**
- **Lymphedema**
- **Learning Disabilities**

Gerber Case Study: End Stage Renal Failure

- **Began producing urine after 3rd 1 hour session after nearly 4 years of dialysis**
- **Heart Ejection Fraction went from 11% in Jan - 43% in May - 55% in July – 70% in Aug, '08**
- **Blood glucose reduced from 300-110**
- **Blood pressure: 210-250/120-140 averaging at 135/88**
- **Triglycerides: 12,000 down to 350**
- **Relief of severe angina**

- **Regained taste, smell and vision**
- **Cardiac cripple to community ambulator**
- **Used 8 unit EESystem up to 4 hours per week**

Doctors and other healing professionals have seen many benefits, some of which have been termed “Miraculous,” including:

- **Varicose veins and peripheral artery disease/ neuropathy improved**
- **Increased mobility after strokes / Stopping of tremors**
- **Helps heal depression and grief**
- **Regeneration of damaged brain cells / Healing of autistic brain**
- **Electrical activity in child born with brain on one side only (activity on “empty” side of brain)**
- **Restoration of sight in eyes blinded from detached retinas and cataracts**
- **Healing of skin disorders / Remissions of lupis**
- **Improvements in ALS, leukemia and HIV**
- **Healing of viral problems and clearing of candida**
- **Stopping pain of joint disorders (chronic and arthritic)**

Fully functional kidneys after kidney failure and dialysis
